ZENJ - PROMISED To be a clear leader in providing best products & services that redefine value for the customers money.

ZENJ- stands proudly with a legacy of around three decades, along with an established network of retailers across Zanzibar and mainland, a host of strategically placed owned shops and branches across the country. This fuels ZENJ to continually move forward, evolve and bring the winds of change for the country and citizen with its product range.

Zainab Bottlers Company Limited

officially opened on 14th Feb 2004, with a vision to produce and sell affordable, quality beverages to the Zanzibaris, revolutionizing the local market with great tasting products. ZBCL started with ZANZIBAR KOOL in 1.5 Liters and later extended to 600ml and 350ml. The 350ml Zanzibar Kool is a clear market leader to this date with no other water brand with the similar properties which contains natural minerals.

Today ZBCL has its flagship brand under the name of Zan Aqua in 20Ltrs, 15Ltrs, 1.5 Liters, 1 Liter, 500ml and 350ml packs is a clear winner in the hearts of Zanzibaris. ZBCL has recently launched environment friendly 18.9 Liters in reusable jars, having in mind the concept of recycling the jars. ZBCL has now ventured into the soft drink concentrate market with the brand Frutto's in Portello flavor, the only one of its kind to be produced in Zanzibar. The crisp and sweet taste of Frutto's has captured many a heart in Zanzibar.

Turky's Petroleum Company Limited

was incorporated 2012. The project will pride in focusing on core business of supplying LPG (Liquefied Petroleum Gas) bunker fuels, Petroleum products.

V Gas offers an integrated supply, storage and distribution model, providing a full range of products and services to domestic and industrial customers. These include, strategic storage facilities, wholesale distribution, retail service stations, LPG storage, filling and distribution, and a full range of products and services for commercial and industrial clients (including on-site management and logistics). We design suitable LPG installations considering safety and good engineering practices in accordance with appropriate rules and standards.

Turky Mifuko Company Ltd

Packaging Bags factory which is located at Kwambani area in the borders between the Shehia of Mgenihaji and Kiboje Mkwajuni. is one of our group of companies invested in such developmental activities to produce the packaging bags as contribution of the growing economy, sustainable development and effective participations of Private Sector. The Industry investment has engaged production of biodegradable packaging bags that are effective to reduce the use of all type of plastic bags used by the public to carry shopped materials, as well as to completely stop non-biodegradable plastic products, which causes unsolvable damages to both health and environment.

Kisarawe Cement Company

Since its inception, KCC has produced high quality cement confirming to the standards issued by Tanzania Bureau of standards (TBS). The company currently produces two grades of cements:

1. LUCKY CEMENT: CEM-II/B-M 32.5 N
2. LUCKY CEMENT: CEM-II/A-M 42.5 N.

An expansion program to increase the production capacity from 5000 tons per month to 10,000 tons per month is in pipeline. KCC is also tying up with various top manufacturers to introduce new brands of value added cement products.

With the above projects executed the local area as well country will benefit as whole in terms of revenue generated and many direct & indirect benefit's including boost of local employment.

Renewable Energy Project

Project PV-ESS System Energy Plant is Located in Anjouan to Supply Electricity to the National Electric Company of Comoros { SONELEC} The project will involve the installation of Hybrid PV-BESS System which will consist of 5.048 MW, with a very strong innovative character as it is a Micro grid with very High penetration of Renewable energy. The project will also be part of the wider project also involving the Island of MOHELI at Comoros Archipelago.

Vigor Financial Services
